PORTFOLIO

«NAIRA» PRINTING COMPANY

www.naira.kz

www.naira.kz

INNOVATORS OF THE PRINTING SERVICE, OUTDOOR ADVERTISING AND BUSINESS SOUVENIRS!

«NAIRA» printing company was founded in 2006, ensures the high quality and fast print, design and souvenir services by using modern printing equipment. We highly evaluate our dear clients: individuals, companies, state institutions, embassies and international companies.

Our professionals ensure the quality and timeliness of your orders «NAIRA» printing company is a broad spectrum of the printing service of different aspects, at the same time is the development of the NCS which is established and patented by us in Kazakhstan.

- Innovative technology NCS (Naira Cleaner Sticker)
- An American laser with high precision marking on different materials: wood, stone, glass, mirror, rubber, plastic, metal and others.
- High quality UV full-color printing on any flat surfaces.
- 3D printer and scanning to bring any idea to the reality.

We provide a broad spectrum of the printing service, which meet the requirements of the demanding clients:

- Production of the custom-made Swiss watches with company logo;
- Operational digital printing of A3+ format by Japanese equipment;
- Offset printing 5-colorfull printing of A1 format;
- After-print services (creasing, folding and thermo-binding);
- Souvenir production (branded pens, mugs, printing on the textiles, production of poly bags of different sizes, badges and others);
- Production of souvenirs from Plexiglas of any complexity;
- Handmade works of any complexity;
- Replication (efficiency and low price);
- Design service of any complexity and many others.

We have been developing a technological process of production which allows execution of orders qualitatively and on time. Our clients are pleased by increasing opportunities of printing and the new equipments which we acquire. “NAIRA” printing company invite you to cooperate with us and is always ready to provide nice price and flexible discount system, also the individual approach to each client.

LASER
ENGRAVING

LASER ENGRAVING IS THE BEST WAY OF APPLYING SYMBOLS ON THE KEYBOARDS OF THE COMPUTERS AND NOTEBOOKS.

The letters which were engraved by laser will never erase and stay for a long time. The russification can be applied to different keyboards. These can be standard keyboards of smart phones, iPads, notebooks, as well as folding and sliding keyboards.

OH, THIS PIN WE WISH!!!

Patented «PinWeWish»* is unique type of souvenir which brings Kazakh national traditions, legends of Kazakh culture, literature. As well as past, present can be shown on this souvenir by creating even face of your friend.

PinEUIW
PinWeWish • [ПинУиУиш]
Значочек NAIRAKz

* The word «PinWeWish» [PinEuiw] we created to name our unique souvenirs. The root of the word «Pin» is in English language - «badge», and in the end of the name you will see Kazakh end «-Euiw», which is in the word «tuireuish» – the translation is a pin. So the name consists of two parts of English and Kazakh words which meaning is the same - «Pin».
